

8571 Koffee King® Three Warmer Stepped Right, Pour- Over Lo-Profile® Coffee Brewer

Worries? Not with this dependable Lo-Profile® brewing system. Now you can count on pouring a great cup of coffee every time. Like all Bloomfield products, this proven, efficient Lo-Profile brewing system is designed to take advantage of the finest electrical components and has the lowest service cost in the industry for this type of brewer. From our patented water delivery system, to our exclusive Ready-to-Brew light, the Lo-Profile system makes brewing effortless. And with its compact size, just under 17", it does it all. The Bloomfield Lo-Profile brewing system, simply worry-free.

Features

- A high level of commonality of parts with other Bloomfield models will significantly reduce the inventory of spare parts required to service many body styles.
- Exclusive design provides easy access to components for quick service.
- Ready-to-Brew light indicates the proper water temperature to help eliminate the guesswork in brewing.
- Premium quality thermostat has a full-length stainless steel sensing bulb that recognizes water temperature accurately and cycles less frequently.
- Superior sprayhead design spreads water over the coffee grounds, creating agitation and a floating action that completely saturates the coffee to capture the full, rich essence.

- One piece drawn stainless steel water tank has a superior design for extended life.
- Porcelain enameled warmer plates position decanters securely and, with no exposed screwheads, will not scratch or scrape decanters.
- High quality easy to clean stainless steel construction.

Accessories

Bloomfield offers a full line of coffee warmers, grinders and glass decanters.
